工程机械与混凝土搅拌设备解决方案

Construction Machinery & Concrete Batching Equipment Solutions

不求惊喜，只为可靠。

NO SURPRISES. JUST RELIABLE SUPPORT.

泰安迅驰机械科技有限公司/山东龙湾国际贸易有限公司

Taian Xunchi Machinery Technology Co., Ltd./Shandong Longwan International Trade Co., Ltd.

公司发展历程

COMPANY DEVELOPMENT HISTORY

2004

创始人发起

FOUNDER INITIATED

2008

初创

Foundation

服务国家：斯里兰卡

Countries Served: Sri Lanka

2010

成立：进驻国家建设项目

Established: Began Participating in National Construction Projects

国内建设 国外发展

Domestic Projects / Overseas Expansion

项目出海：一带一路沿线国家 印度尼西亚

Overseas Projects: Countries along the Belt and Road, Indonesia

2015

产品研发海外施工

Product R&D & Overseas Construction

二手设备上线收购

Used Machinery Procurement Launched

一带一路国家：印度尼西亚、柬埔寨、老挝、菲律宾

Belt and Road Countries: Indonesia, Cambodia, Laos, Philippines

2019

产品扩展厂区建设

Product Expansion Plant Construction

翻新设备升级改造

Equipment Refurbishment & Upgrading

一带一路国家：沙特阿拉伯

Belt and Road Country: Saudi Arabia

至今 TO DATE

重点项目参与及海外业务拓展

Participation in Key Projects Overseas Business Development

国内外重点项目施工

Construction of Key Domestic and Overseas Projects

一带一路国家：哈萨克斯坦 乌兹别克斯坦

Belt and Road Countries: Kazakhstan, Uzbekistan

丰富的项目经验：自2008年以来，我公司团队参与了遍布中国的各类铁路项目建设，通过多年的现场实践积累了丰富的经验。我们曾在多种复杂多变的施工环境中成功开展工作，包括极端气候条件、复杂地形、复杂路况以及偏远无人区等。这些经验增强了我们在严苛环境下适应、执行和交付工程的能力。

EXTENSIVE PROJECT EXPERIENCE: Since 2008, our team has participated in the construction of railway projects across China, building extensive experience through years of field practice. We have successfully worked under diverse and challenging conditions, including extreme climate changes, difficult terrain, complex road conditions, and remote, uninhabited areas. These experiences have strengthened our ability to adapt, execute, and deliver in demanding environments.

国内外客户合作方向及合作过的国家

COOPERATION AREAS & COUNTRIES WE HAVE WORKED WITH

同一套产品与服务体系，服务不同地区的工程项目需求。
Our integrated product and service system is designed to meet the needs of engineering projects in different regions.

01 国内市场
Domestic Market

道路 / 铁路 / 市政 / 商品混凝土 / 工程建设
Road / Railway / Municipal Engineering / Ready-Mixed Concrete / Construction Projects

02 中亚（乌兹别克斯坦、哈萨克斯坦）
Central Asia (Uzbekistan, Kazakhstan)

道路基础设施 / 搅拌设备 / 配件
Road Infrastructure /Mixing Equipment / Spare Parts

03 东南亚(印度尼西亚、柬埔寨、老挝、菲律宾）
Southeast Asia (Indonesia, Cambodia, Laos, Philippines)

工程项目 / 移动设备 / 配件
Engineering Projects /Mobile Equipment / Spare Parts

04 非洲（喀麦隆）
Africa (Cameroon)

基础设施 / 混凝土设备 / 易损配件
Infrastructure / Concrete Equipment / Wear Parts

05 中东（沙特阿拉伯）
Middle East (Saudi Arabia)

工程机械配件 / 设备配套
Construction Machinery Spare Parts / Complete Equipment Solutions

06 南亚（斯里兰卡）
South Asia (Sri Lanka)

道路建设 / 混凝土设备 / 配件
Road Construction / Concrete Equipment / Spare Parts

合作方式：设备采购 • 配件供应 • 项目配套 • 经销合作 • 技术支持
Equipment Procurement • Spare Parts Supply • Project Support • Distribution Partnerships • Technical Support

我们是谁

WHO WE ARE

面向国内外工程客户，提供设备、配件与项目服务的综合解决方案。一家深耕工程机械设备研发二十二载，专注搅拌设备技术攻坚。以过硬技术与精工制造，为各类工程建设提供可靠的支持。

We provide integrated solutions covering equipment, spare parts and project services for engineering customers worldwide.
With 22 years of experience in construction machinery R&D, we specialize in concrete mixing equipment technology.
Backed by proven technology and precision manufacturing, we provide reliable support for a wide range of construction projects.

- 聚焦混凝土搅拌设备、筑路机械及相关设备配件
  Focus on concrete mixing equipment, road-building machinery and related spare parts
- 覆盖新旧设备制造、改造升级、技术支持
  Covering new equipment manufacturing, used equipment supply, refurbishment, upgrading and technical support
- 可根据项目产能、场地与工艺需求进行方案配置
  Solutions configured to project capacity, site conditions and process requirements
- 从选型、设计到安装调试及售后，提供全周期支持
  Full-lifecycle support from equipment selection and design to installation, commissioning and after-sales service

核心优势

CORE STRENGTHS

01 产品体系完整

Complete Product Portfolio

混凝土搅拌站 Concrete Batching Plant
移动式混凝土搅拌站 Mobile Concrete Batching Plant
稳定土拌合站 Stabilized Soil Mixing Plant
沥青搅拌站 Asphalt Mixing Plant
水泥仓（片式、卧式)及相关配件。
Cement Silo (Bolted / Horizontal Type) and related spare parts.

02 新旧设备原机/翻新

New & Used Original / Refurbished Equipment

二手设备主要源自中铁系统：
设备及零部件使用维护高于市场设备的平均水平自动化改造技术实现环保、产能的再升级。
Our used equipment is mainly sourced from the China Railway system. These machines and components have generally been maintained to a high standard, often exceeding the market average.Automation retrofitting technology realizes environmental protection and production capacity upgrading.

03 制造能力

Manufacturing Capacity

拥有生产车间、钢结构及设备制造基础，支持定制化生产。
With dedicated production workshops and capabilities in steel structure and equipment manufacturing, we support customized production.

04 方案灵活

Flexible Solutions

根据产能、工地条件、运输与预算，组合设备与配置。
We combine equipment and configurations according to production capacity, site conditions, transportation and budget.

05 工程服务

Engineering Services

覆盖现场勘察、方案设计、安装调试、验收培训等环节。
Our services cover site surveys, solution design, installation and commissioning, acceptance and training.

06 长期服务

Long-term Services

配件、易损件支持、技术响应、维护与升级，帮助设备持续运行。
Supply of spare parts & wear parts, technical response, maintenance and upgrading to keep equipment running continuously.

核心产品体系

CORE PRODUCT SYSTEM

01 HZS系列混凝土搅拌站
HZS Series Concrete Batching Plant

25–240 m³/h
固定式 / 模块化配置
Stationary / Modular Configuration

02 YHZS移动式搅拌站
YHZS Mobile Batching Plant

25–240 m³/h
移动、快速部署
Mobile, Rapid Deployment

03 MHZS免基础搅拌站
MHZS Foundation-Free Batching Plant

25–180 m³/h
减少基础施工
Reduced Foundation Work

04 WBZ稳定土拌合站
WBZ Stabilized Soil Mixing Plant

300–800 t/h
道路基层材料生产
For Road Base Material Production

05 水泥仓 / 粉料储存
Cement Silo / Powder Storage

30–1000T及定制 Customized
适配出口运输
Suitable for Export Shipment

06 设备配件与改造
Equipment Spare Parts & Retrofit

钢结构、输送、计量、自动化及设备升级Steel Structure, Conveying, Metering, Automation and Equipment Upgrading

核心技术实力

CORE TECHNOLOGY STRENGTH

先进的自动化控制与高精度计量系统，打造智能化绿色生产体系

Advanced Automatic Control and High-Precision Weighing & Metering System to build an intelligent and green production system.

智能控制中枢 Intelligent Control Hub

采用西门子、施耐德等国际一线PLC与触摸屏，实现生产流程集中管控与自动化精准运行，稳定可靠。
Adopts world-class PLC and touchscreen brands including Siemens and Schneider, realizing centralized production management and precise automatic operation with stable and reliable performance.

千种配方管理 Thousands of Mix Recipes

系统支持存储数千种混凝土配方，一键快速调用与在线灵活修改，高效适配多样化生产订单需求。
The system supports storage of thousands of concrete mix formulas. Formulas can be quickly retrieved with one click and modified online flexibly, efficiently meeting diverse production order requirements.

全程数据追溯 Full-process Data Traceability

实时采集生产全环节数据，自动生成详细报表，实现从原材料投料到成品出厂的质量全程可追溯。
Real-time data collection across all production stages and automatic detailed report generation. Enables full quality traceability from raw material feeding to finished product delivery.

云端远程运维Cloud Remote Operation & Maintenance

支持远程访问与设备状态实时监控，技术专家在线诊断故障、优化参数，大幅降低运维响应时间。
Supports remote access and real-time equipment status monitoring. Technical experts conduct online fault diagnosis and parameter optimization, greatly cutting remote response time.

高精度计量系统 High-precision Batching System

配备瑞士梅特勒-托利多、德国HBM高精度称重传感器。
Equipped with high-precision weighing sensors from Mettler-Toledo (Switzerland) and HBM (Germany).

±1%
骨料计量精度
Aggregate Weighing Accuracy

±0.5%
粉料/水/外加剂精度
Powder / Water / Admixture Weighing Accuracy

智能化环保设计

Intelligent & Eco-friendly Design

智能喷淋降尘 自动感应粉尘浓度，智能启停
Intelligent Spray Dust Suppression: Automatically detects dust concentration and starts/stops intelligently.

废浆零排放 砂石分离与废水回收，100%循环
Zero Discharge of Waste Slurry: Sand and gravel separation and wastewater recycling, with 100% recirculation.

智能温控系统 自适应调节出机温度，应对极端天气
Intelligent Temperature Control System: Adaptively adjusts concrete discharge temperature to cope with extreme weather.

动态补偿算法 实时落差修正，确保精准稳定
Dynamic Compensation Algorithm: Real-time material drop compensation to ensure accurate and stable batching.

专业服务团队

PROFESSIONAL SERVICE TEAM

以专业铸品质，以安全守底线，为项目高效交付保驾护航

With expertise to ensure quality and safety as the bottom line, we safeguard efficient project delivery.

资深工程师团队 Senior Engineer Team

15年+ 核心团队平均经验超15年，精通项目全周期管理与现场技术攻坚。

15+ Years of Experience: The core team averages over 15 years of experience, proficient in full-cycle project management and on-site technical problem-solving.

权威资质认证 全员持有安全资质，专业能力获行业认可。

Authoritative Qualifications: All team members are safety-certified, with professional expertise recognized by the industry.

持续技术创新 定期参与行业峰会与培训，紧跟前沿技术，推动品质升级。

Continuous Technical Innovation: Regularly attend industry summits and training sessions to keep up with cutting-edge technologies and drive quality improvement.

严苛安全管理 Rigorous Safety Management

100% 进场人员100%接受培训，特种作业人员持证率100%，从源头把控安全。

100% of site personnel receive safety training, and 100% of special-operation personnel are certified, ensuring safety from the outset.

国际化标准 严格遵循标准化生产，建立全流程标准化安全管控机制。

INTERNATIONAL STANDARDS: Strictly following standardized production processes and implementing comprehensive safety controls throughout the entire production cycle.

零事故目标 坚守"安全第一"准则，落实全员责任，杜绝现场安全隐患。

Zero-Accident Goal: Adhere to the "safety first" principle, implement full staff accountability, and eliminate on-site safety hazards.

标准化施工管理 Standardized Construction Management

模块化 将安装流程拆解为标准化模块，多工序并行作业，大幅提升施工效率。

Modularization: Break down installation procedures into standardized modules. Parallel operation of multiple working procedures greatly improves construction efficiency.

精细化进度 依托专业管理系统制定计划，对材料、人员、工序动态监控，保障按期交付。

Refined Schedule Management: Develop plans relying on a professional management system, dynamically monitor materials, personnel and construction processes to ensure on-time delivery.

全过程质控 设立专职质检岗位，关键环节100%旁站检验，严格执行验收标准。

Whole-process Quality Control: Assign dedicated quality inspection posts. Carry out 100% on-site inspection for key links and strictly implement acceptance standards.

合作伙伴

PARTNERS

荣幸与众多行业领军企业建立长期稳定合作关系，凭借过硬技术实力与专业服务品质，成为中铁系统多家工程局的核心合作伙伴，共同打造高质量标杆工程。

We are honored to have established long-term and stable partnerships with many industry-leading enterprises. With solid technical strength and professional service quality, we have become a core partner of multiple China Railway Engineering Bureaus, jointly delivering high-quality benchmark projects.

设备改造与产品细节

EQUIPMENT RETROFITTING & PRODUCT DETAILS

计量、输送、料斗及钢结构部件

Metering, Conveying, Hopper and Steel Structure Components

- 模块化结构，便于运输、安装及项目现场组织
  Modular structure for easy transportation, installation and on-site project deployment.
- 关键部件可按项目工况进行配置与定制
  Key components can be configured and customized according to specific project requirements and site conditions.
- 支持设备升级、产能优化及自动化改造
  We support equipment upgrading, capacity optimization and automation retrofitting.
- 适用于国内工程项目及海外出口项目
  Suitable for domestic engineering projects and overseas export projects.

技术与质量控制

TECHNOLOGY & QUALITY CONTROL

01 自动化控制 Automated Control

可配置西门子 / 施耐德控制系统，
支持配方管理、数据记录与远程管理。
Siemens / Schneider control systems are optional, supporting formula management, data recording and remote management.

02 精准计量 Precise Metering

采用电子称量及高精度传感器方案，
满足不同材料计量需求。
Adopts electronic weighing and high-precision sensor solutions to meet metering requirements for various materials.

03 模块化设计 Modular Design

结构模块化、运输友好，
便于安装、拆装及项目现场调整。
Modular structure designed for efficient transportation, easy installation, dismantling, and on-site adjustment.

从部件制造到整机交付，重视结构、装配与现场适配。

From component fabrication to complete machine delivery, we focus on structural integrity, assembly quality and on-site adaptation.

一站式项目服务

ONE-STOP PROJECT SERVICE

01

需求沟通
Requirement Consultation

产能 / 工艺 / 场地 / 预算
Capacity / Process / Site / Budget

02

现场勘察
Site Survey

工况与安装条件
Working conditions and installation requirements

03

方案设计
Solution Design

设备选型与系统配置
Equipment selection and system configuration

04

制造交付
Manufacturing & Delivery

生产 / 装配 / 发运
Manufacturing / Assembly / Shipment

05

安装调试
Installation & Commissioning

现场安装与试运行
On-site installation and trial operation

06

售后支持
After-sales Support

备件 / 培训 / 升级
Spare parts / Training / Upgrades

项目经验与合作基础

PROJECT EXPERIENCE & PARTNERSHIPS

01 铁路工程领域 Railway Engineering

曾服务/合作涉及多家中国铁路建设相关单位，覆盖设备配套与工程项目。

We have provided services and cooperated with many Chinese railway construction companies and organizations covering equipment supply and engineering projects.

02 交通基础设施 Transportation Infrastructure

面向铁路、高铁、隧道、道路、桥隧及基础设施建设项目提供设备与技术支持。

We supply equipment and technical support for railways, high-speed railways, tunnels, roads, bridges and other infrastructure projects.

03 项目型客户 Project-based Clients

根据项目产能、工期、现场条件及预算，提供匹配的设备方案。

We deliver matched equipment solutions according to project capacity, construction schedule, site conditions and budget.

我们提供：新设备 + 二手设备 + 翻新设备+升级改造+维护保养

WE OFFER: NEW EQUIPMENT + USED EQUIPMENT + REFURBISHED EQUIPMENT + RETROFITTING & UPGRADING + MAINTENANCE

让客户按项目阶段与预算选择更合适的方案

We enable clients to choose the most suitable solution based on their project stage and budget.

- 新设备：按产能、工艺与场地条件配置
  New Equipment: Configured based on production capacity, process and site conditions.
- 二手设备：设备评估、整备与重新投入使用
  Used Equipment: Inspection, refurbishment and recommissioning.
- 自动化升级：控制系统、计量与操作体验优化
  Automation Upgrade: Optimization of control systems, metering accuracy and operator experience.
- 环保升级：粉尘控制、密闭与相关环保配置
  Environmental Upgrade: Dust control, sealing and relevant environmental protection configurations.
- 产能 / 工艺升级：根据现场需求进行针对性改造
  Capacity / Process Upgrade: Targeted retrofitting according to on-site requirements.

THANK YOU

不求惊喜，只为可靠。

NO SURPRISES. JUST RELIABLE SUPPORT.

感谢观看

期待与您携手合作，共创美好未来

We look forward to working with you and building long-term cooperation together.
